STÅLBUNT BAND, ROSTFRITT, 200x4.6mm, SS316

Self-locking stainless steel cable ties for use in or outside. The strong locking mechanism includes a steel ball and it is easy to enter the back end that is dawning. This gives a simple, fast and safe installation.

The cable tie is also available with a halogen-free polyester coating which provides several advantages:

- The tie is easier to use, softer.
- Less risk of damage to the cable.
- Better insulation between dissimilar metals.
